

Jaclyn Chan

Computer Science and Finance student seeking opportunities in **software engineering** and **financial technology**

✉ jdc.jaclyn@gmail.com | 🌐 jaclynchan.me

Skills

Proficient, Java, C/C++, Python, Scheme, Bash, Git, Linux, Excel, Jira

Familiar, SQL, Javascript, HTML/CSS, Arduino, RobotC, Docker

Education

University of Waterloo (UW), Faculty of Math

Waterloo, Canada

Candidate for Bachelor of Computing Financial Management

Sep 2019 - Present

Computer Science and Finance – President's Scholarship of Distinction – Dean's Honors List

Singapore American School

Singapore

High School Diploma

Graduated 2018

Summa Cum Laude – GPA 4.43 – PTA Scholar Award, Technology Senior Award, Excellence in Robotics Award

Experience

CPP Investments

Toronto, Canada

Junior Python Engineering Intern Analyst, Quantitative Strategy and Risk Premia

Jun 2020 - Aug 2020

- Implemented statistical analytics tools for factor investing portfolios using **SQL** and **Pandas** within quantitative equity team
- Collaborated with a team of six to perform a M&A case study in emerging markets for an internal case competition

nuTonomy

Singapore

Robotics Engineer Intern, Embedded Systems

Jun 2018 - Aug 2018

- Implemented bandwidth data analysis systems with **Python** and packaged analysis programs using **Docker**
- Programmed hardware with **C** and used **Fusion 360** to design protective cases for voltage regulators
- Designed a visual monitoring system with **OpenCV** and **Raspberry Pi** to allow remote surveillance of HIL-bench

FIRST Robotics

Singapore

Team Captain, Youth Mentor, Project Manager

Aug 2014 - Jun 2018

- Programmed hardware with **Java**, engineered the electrical system, and constructed 125 lb. robots to compete internationally
- Managed **cross-functional** sub-teams, facilitated **logistics** and led outreach, expanding from **10 to 30+ members**

Projects

Spacelab@SAS

Singapore

Software and Electrical Lead, Founding Member, Mentor

Launched on the SpaceX Falcon 9 – Jun 4, 2017

- Collaborated with a team of six to design and implement a biology experiment sent to the **International Space Station**
- Successfully granted **SGD\$60k** to be the first student group in Southeast Asia to send an experiment to space
- Specialized in software and electrical systems including **Printed Circuit Board** design, **CAD** and sensor programming
- Responsible for implementing a **data capturing system** with **PBASIC** and conceptualized the infrastructure of the micro lab

Leadership

TEDxYouth@SAS

Singapore

Executive Producer/Lead Organizer

Jan 2015 - Jun 2018

- Produced events with **100+ guests** by leading a team of **30+ members**. Oversaw main-stage production including speaker curation, technical theater coordination and rehearsal logistics. Collaborated with finance team to manage budgets of **\$25k+**
- Event managed (2015) entertainment and dining and was selected to attend TEDFest 2018, an official TED conference in NYC

Extracurriculars

Performing Arts, 12+ years of dance training. UW AcaBellas (A Cappella - Choreography Lead). UW Cheerleading Team.

Fashion for Change, Model and Event Manager. Organized events with 250+ guests and rehearsed weekly for charity show.

Dance/Yoga Instructor, 3+ years of dance teaching and choreography. Certified 200-hr Tirisula Yoga Teacher.

Women in Finance at UW, Assisted with public outreach and growth by building the social media strategy.
